

**ELECTRIC DRYER DEL-38158A**  
**96 cm belt width, 2 x heat chamber 200cm**

**Machine**

1	Total length	550 cm		
2	Heat chamber length	2 x 200 cm		
3	Belt width	96 cm		
4	Inlet / outlet length	76 cm		
5	High	115 cm		
6	Electrical requirements	400V, 3PH, 27 kW, 2 x 32A CEE-plug		
7	Belt rotation direction	Both side ( left & right )		
8	Belt drive	frequency converter, sleeplessly adjustable		
9	Belt type	fiberglass Teflon coated, 4x4 mm mesh-size		
10	Exhaust connection	2 x 125 mm		
11	Heating elements	3.3 um IR wave length		
12	Temperature control	2 x PID		
13	Cool skin technology	150 mm insulation 4 walls		
14	If equipped with Hot air circulation cures wide range of inks with all substrates (also paper and plastic)	Plastisol Inks	Water base Inks	Solvent Inks
15	Guarantee	2 years limited warranty		
16	Production capacity (curing element size 40 x 50 cm, curing conditions 1 min in 160°C)	960 pcs/hr		

**MACHINE EQUIPMENT IN OPTION**

17	Wheels option per 1 oven	YES			
18	Hot air circulation* per 1 oven ( 1300 m <sup>3</sup> /h )	YES			
19	Cooling System	OPTION
